

## Compact/Portable Fans

Stay cool wherever you are!

- Safe, portable fans create the perfect breeze in any environment

Choose from a selection of small desk fans, portable cigarette lighter fans, or fans for an animal cage. Fans feature an open-grill design to maximize airflow along with a finger-safe blade designed to prevent injury.

**What's included:** power cord or cigarette lighter adapter. Batteries are not included.

**New**

Animal cage fan  
50801-20

Personal handheld fan  
50801-21

Desk fan  
50801-22

Desk fan  
50801-23

Fan with adjustable speed  
50801-24

Fan with clamp  
50801-25

Fan with suction cup base  
50801-26

## Portable Air Conditioners with Dehumidification

Compact, personal air cooling units provide a comfortable work environment

- Design allows for cooling in any space limitation

These air conditioners offer 7500 to 12,000 BTUs of cooling capacity with integrated dehumidification systems. The multi-speed fans offer variable airflow for required comfort. Attach the window exhaust kit (included) to the air conditioner for hot air removal to the outdoors.

**Model 10101-01** features a two-speed fan with automatic oscillating louvers for even air distribution and a dehumidifier with 3.6-liter tank for water collection.

**Models 10101-05 and -11** provide three-speed, oscillating air conditioning, heating, and auto-evaporating dehumidification for moisture removal. A 24-hour clock timer powers on and shuts off the unit while unattended.

**Model 10101-15** operates as an air conditioner, fan, or dehumidifier. Three-speed fan operation provides variable airflow for many levels of comfort. A 24-hour programmable timer automatically starts or stops the unit while unattended. The 3-liter tank collects water during dehumidification and features an overflow and auto-off alarm when the tank is full.

**Model 10101-17** has the same features as model 10101-15, plus an auto-evaporation function, allowing continuous operation without the inconvenience of water removal.

**What's included:** window kit with single exhaust hose, and remote control unit with batteries. Models 10101-05 and 10101-11 also include dual exhaust hoses.
